Combating Poverty and Social Exclusion

Winners

The projects of the [EU Internet Award 2010](#) were viewed by an online jury of European experts from Croatia, Estonia, and from the organizer. First of all the jury would like to thank all participants of the [EU Internet Award 2010](#) very much for the cooperation, efforts, creativity and time that each team invested. It is a remarkable achievement to have successfully finished the projects and presented them in the Internet.

The jury found three projects outstanding among the others. Therefore it was decided to award **three equal prizes**, amounting to **€ 1,200** for each of the **winning projects**. The prize money will be divided among the partners of the respective European Project Groups. As there are two projects with three partners and one with four partners, the schools will get € 400 or € 300, accordingly.

Each school team involved in a European project group, having successfully gone online with their entry for the [EU Internet Award 2010](#) will be sent a certificate, together with a letter of congratulation. The **winners** are:
